<p><u>Who</u> <i>Brenson Pacific Technologies Ltd. / Pacific Legal Education Association / the Children's Foundation</i></p> <p><u>What</u> <i>Custom developed Client Tracking Database Technology</i></p> <p><u>Benefits</u></p> <ul style="list-style-type: none"> ▶ System designed to support front line staff and record their work ▶ Fully captures all contact reporting requirements ▶ Exceeds accreditation requirements ▶ Experienced local developers with a proven track record ▶ A custom built system to fit needs and the needs of your client referring sources ▶ Control of spending through ownership of the system ▶ Efficient client transfers to and from your organization ▶ Great reporting technology 	<p style="text-align: center;">Client Management Systems <u>Brenson Pacific Technologies</u></p> <p>Most non-profit organizations have unique client information that must be organized and accessible. Purchasing a framework that can be tailored to your unique requirements provides the ease of purchasing a pre-designed package without requiring the expense or internal expert to design a purpose built system.</p> <p>What is needed is a database that will fit the unique and strategic needs of your organization.</p> <p>United Community Services Co-op has a standing relationship with Brepac Technologies; an experienced company who know your business and understand your needs. Building on the framework of screens designed by Pacific Legal Education Association and the Children's Foundation and built by Brepac, you will have the software that meets your needs and exceeds your expectations. In an affordable manner this Client Management System meets the highest standards of development and provides high quality service to your organization.</p> <p>Together Brepac and the Co-op have aided in the development of highly effective databases for member organizations. They will listen to you and help you get the help you want and need.</p> <p><u>A Client Management Information System will help your organization to:</u></p> <ul style="list-style-type: none"> • Meet the highest standards required by referring organizations: enables transparent referrals and reporting exchanges; eliminates paper and email systems. • Your organization can track client outcomes and milestones to improve the quality of your services to clients and the people you support in the community. • Organize, monitor, report and evaluate program activity to meet a range of management and unit costing issues. • Develop and maintain the highest quality relationship with funders and contracting organizations by documenting how you meet and exceed their requirements. • Enable secure access to private information to those who need to know – and no others. You can both control access to the system by internal and external staff and share files on a need to know basis. • Save time, money and build great relationships. • Allow online referral from any source including the ministry <p><u>To have United Community Services Co-op assess your database needs :</u> Contact United Community Services Co-op at 604-718-8292 or Email us at info@ucscoop.com</p>
